Notice Date: November 20, 2024

New Part B Premium: \$370.20/month

Medicare Part B and Part D Income-Related Monthly Adjustment Amount (IRMAA) for 2025

Your 2025 Medicare premiums are higher because your 2023 income was above certain limits. You may appeal if your income has decreased.

Why your premium increased

Social Security uses your most recently filed federal tax return (2023) to determine your Medicare premiums. Because your 2023 modified adjusted gross income (MAGI) was in a higher income bracket, you will pay an Income-Related Monthly Adjustment Amount (IRMAA) in addition to the standard premium.

2023 MAGI Range	Standard Premium	IRMAA Surcharge	Total Monthly Premium
\$103,001 – \$129,000 (your bracket)	\$185.00	\$185.20	\$370.20
(Standard bracket below \$103,000)	\$185.00	\$0.00	\$185.00

If your income has changed

If you had a significant life event in 2024 or 2025 that reduced your income (retirement, death of spouse, divorce, loss of pension), you may request that SSA use more recent income information. File Form SSA-44 to appeal.
